

Civil Construction

Since 1948, Wood Group (formerly Kelchner) has been an industry leader in heavy/civil construction.

Put simply, it means we work hard for our customers with the highest level of professionalism and industry-leading techniques.

Any company can promise dedication to a set of core values. At Wood Group, we live and breathe them.

Manage the risk. Manage the project. Manage the outcome.

- Risk Management - Health, Safety and Environment: When it comes to risk, we know that no two projects are alike. That's why we constantly keep health, safety and the environment as our top priorities with mandatory ongoing education programs, training sessions and on-site implementation.
- Risk Management - Construction: We are an industry leader in construction risk management. With over 70 years experience, we pride ourselves on delivering a high quality service while minimizing your risk.

- Project Management: From start to finish, we operate as a partner with each of our clients, bringing an unprecedented level of dedication and attention to detail to every project. Our commitment to innovation, industry-leading project management and advanced technology ensure that every project exceeds our customers' expectations.
- Cost Management: Thorough preplanning, value engineering and project sequencing ensure that we deliver every project with minimal changes and on schedule. When you partner with Wood Group, you reap the benefits of an organization that's not only focused on your interests, but also has the know-how to deliver each project at the lowest total cost with the least amount of risk.

It's Simple - Wood Group Delivers

We promise results - for your company, for your project, for your bottom line. More importantly, our results never come at the expense of safety or a job done well.

- On-time delivery - for the past two years, our record for on-time delivery has been an industry-leading 98.5%
- Exemplary personnel - across our organization, it's our people who truly make us different, working for and dedicated to your success at every turn.
- Safety performance - our lagging indicators, such as TRIR and EMR, are considerably lower than the industry standard.
